

Graco Logo and Artwork Use Policy

Only authorized

- (1) Graco distributors; or
- (2) their Graco-recognized outlets; or
- (3) other parties such as OEMs having a written relationship with Graco

may use the Graco logo on websites, business cards, etc. The use of such without permission can imply an endorsement of the user and an indication to a potential purchaser that the user is a Graco distributor.

A non-distributor may use the name Graco or any factual phrase to describe your business such as: "We service Graco products" or "we have a Graco XYZ for sale." In this phrase, "Graco" must not be set out alone but must be set forth in the same line as, and preceded by, other words in the factual phrase.

Similarly, Graco images and documents such as manuals may only be used by Graco distributors or others mentioned above, or authorized in writing.
