

Trabon™ MSP Stainless Steel Divider Valves

Tough Material for Tough Applications

Get more durability with the same high-quality performance and precision machining as the carbon steel version.

Use the proven performance of Graco in applications that are corrosive, require wash downs, or need to meet food and beverage requirements.

PROVEN QUALITY. LEADING TECHNOLOGY.

Still Reliable. Now More Durable.

Trabon™ MSP Series sets the industry standard for quality, reliability, and ease of use features. It was the original modular-style series progressive divider valve— and is still the best! Now get the same reliable valve in stainless steel.

Alternate Outlet/Monitoring

Face of valves can be fitted with optional performance indicators, taking the guesswork out of troubleshooting.

Intelligent Feedback

Can be easily accessorized with electronic proximity switches to provide positive assurance of a successful lube event.

Built-in Check Valve

Outlet checks ensure accurate lube delivery, every time.

Quick Change Valve Sections

Quick change valve sections can be removed from the base assembly without disturbing any lube lines—minimizing labour cost and maximizing your machine uptime.

Precision Performance

Manufactured in our factory for quality and reliability. Each assembly is honed and match-fitted for precise lube delivery every time.

EASY SETUP

Pre-assembled and tested base plates are available to save you time and money. They're ready to install right out of the box.

TOUGH MATERIAL FOR TOUGH APPLICATIONS

You get more durability with the same high quality performance and precision machining as the carbon steel version. Use the proven performance of Graco in applications that are corrosive, require wash downs, or need to meet food and beverage requirements.

TRABON MSP SST

Nasty environments such as salty air or areas needing repetitive cleaning demand highly durable materials.

Graco's new stainless steel MSP valves and accessories overcome harsh conditions with durable 303 materials and a design with proven success.

- Food and beverage
- Off-shore wind and oil rigs
- Marine, lift cranes, locks and dams
- Pulp and paper production
- Chemical processing
- Oil and gas applications

HIGH-PERFORMANCE ACCESSORIES

Give your maintenance staff the tools for fast diagnostics with a complete line of feedback accessories to keep your business moving.

- Visual Indicators
- Proximity Switches
- Cross Port Bars
- Relief Valves

ABOUT GRACO

Founded in 1926, Graco is a world leader in fluid handling systems and components. Graco products move, measure, control, dispense and apply a wide range of fluids and viscous materials used in vehicle lubrication, commercial and industrial settings.

The company's success is based on its unwavering commitment to technical excellence, world-class manufacturing and unparalleled customer service. Working closely with qualified distributors, Graco offers systems, products and technology that set the quality standard in a wide range of fluid handling solutions. Graco provides equipment for spray finishing, protective coating, paint circulation, lubrication, and dispensing sealants and adhesives, along with power application equipment for the contractor industry. Graco's ongoing investment in fluid management and control will continue to provide innovative solutions to a diverse global market.
