# FINISH SMALL TEXTURE JOBS UP TO 6X FASTER

## THE POWER OF A LARGE SPRAY RIG IN THE PALM OF YOUR HAND

Innovative system uses air to boost performance and deliver a superior spray finish.

**HOLD 20 LBS OVER YOUR HEAD FOR ONE HOUR —OR JUST 10 MINUTES?**

The image shows a comparison between two spray systems. On the left is a Gravity-Fed Hopper Gun, which is a large, white, funnel-shaped device. On the right is the FastFinish Texture Spray System, which is a smaller, blue and white device. A large blue 'VS' is placed between them. To the right of the FastFinish system, the text 'UP TO 6X FASTER!' is written in large, bold, yellow letters. Below each device, its name and the time it takes to complete a job are listed.

**Gravity-Fed Hopper Gun**  
**1 HOUR**

**FastFinish Texture Spray System**  
**10 MIN**
