

# FIELDLAZER™

Professional Field Marking Equipment

PROVEN QUALITY. LEADING TECHNOLOGY.

# THERE IS NOTHING LIKE A GRACO FIELD MARKING SYSTEM

Experienced field maintenance professionals know the difference. Graco FieldLazer professional airless field marking systems are recognized as solid investments that perform reliably, year after year.

## TRUST YOUR BUSINESS AND REPUTATION TO GRACO

Graco is committed to providing the highest quality field marking systems available, backed by the industry's best warranty.

## AMERICAN BUILT QUALITY

Quality Graco professional airless field marking systems have been designed, manufactured, and assembled in the USA since 2004.

## INDUSTRY-LEADING WARRANTY

Behind every Graco field marking system is the industry's strongest warranty. You may never use Graco's warranty—but if you do, we will be there.

**CHOOSE YOUR POWER**

# MAXIMIZE EFFICIENCY, QUALITY AND PRODUCTIVITY

When it comes to delivering brighter, longer-lasting lines in less time with less paint, Graco FieldLazers are the industry's number one choice of field marking machines—recognized by field maintenance professionals worldwide.

## SAVE \$80 PER USE

Painting one football field or five soccer fields using a Graco Fieldlazer will save the user an average of \$80 per use, compared to using an aerosol can striper.

**4X**  
PRODUCTIVITY

## FINISH 4 TIMES FASTER

Graco Field Stripers are four times more productive than aerosol stripers.

## 50-75% PAINT SAVINGS

- Up to 75% lower paint cost than aerosol
- Up to 50% lower paint cost vs. competitive low-pressure models

## PROFESSIONAL, BRIGHT LINES

- High-pressure technology and precision spray tips
- Spray Pattern coats both sides of the grass blade, not the soil
- Low-pressure models simply dump paint onto the ground wasting paint, water, time and money
- Spray thick, undiluted paint

## EFFORTLESS, STRAIGHT LINES

- Graco field stripers are designed to track straight—even over rough terrain

# FIELDLAZER S100

## HIGH-PRESSURE, GAS POWERED FIELD MARKER

Introduced in 2004, the FieldLazer S100 set the standard for airless field marking and is now recognized by industry professionals as one of the top walk-behind field marking machines available.
