

TOUGHTEK® CM40

Continuous Feed Mixer

AUTOMATICALLY MIX UP TO 300 BAGS PER HOUR!

Built for the biggest jobs, nothing compares to the CM40. Featuring 3 operating speeds, integrated water pump and an oversized composite mixing chamber, you can count on the CM40 to deliver the perfect material mix throughout the job.

The easiest way to mix your materials!!

Just set water and material flow rate for your material, break bags of material, and the mixer does the rest!

BENEFITS YOU'LL APPRECIATE!

High performance — Mixes up to 300 bags per hour of pre-blended stucco, mortar or self-leveling material to get the job done faster

Compact & Portable — Easily maneuver and position on any jobsite

Plug and play — Just connect to a 230V, 30A, 1PH outlet, connect water and you're ready!

Saves labor — Let the pump do the work so you can get more done!

Easy maintenance — Quick disassembly for cleaning and transport

TOUGHTEK CM40

Continuous Feed Mixer

DELIVERING THE PERFECT MIX—EVERY TIME!

Ideal for larger projects, the 3-speed ToughTek CM40 continuous mixer will improve your crew's production rates with an output of up to 300 bags per hour of self-leveling underlayment. The CM40 also comes with a water flow meter and water booster pump so you can easily set and adjust water flow while maintaining water pressure, giving your operation consistent results continuously, day to day.

TOUGHTEK CM40	PART#
ToughTek CM40	25M081
ToughTek CM40 Silo System (not shown)	25M086

SPECIFICATIONS	PART#
Material Output	18.0 gpm (70 lpm) – Up to 300 Bags per hour (stucco, mortar, self-leveling)
Max Particle Size	5/16 in (8 mm)
Hopper Capacity	14 gal (55 l)
Weight	440 lb (200 kg)
Power Input	240V, 30A, 1PH

Simple Controls

- Control water and material flow in one convenient spot
- 3 speed design to get the flow you need
- Heavy-duty construction for years of service

Large Capacity Hopper with Bag Breaker

- Galvanized construction for exceptional wear resistance
- Durable metal teeth automatically cut bags for easy opening

Quick-knockdown Mixing Section

- Tool-less design for easy assembly and disassembly
- Flexible composite mixing tube for easy cleanup
- Durable composite mixing blades can be adjusted to deliver the perfect mix

On-board water Pump

- Fully adjustable flow to get the mix you need
- Integrated pump to ensure proper water flow and pressure on any jobsite

Compact and Durable

- Durable steel frame folds down for easy transport
- Flat-proof tires for easy transport through any job site
