

TOUGHTTEK™ MIXING PUMPS

MP120 | MP160 | MP260

Introducing a range of powder mixing pumps, designed for small to large rendering jobs. Equipped with an on-board compressor and water-boost pump, these systems are fully capable to mix and spray your powder materials.

- All-in-one efficiency by mixing, pumping, and spraying continuously with a single unit – streamlining workflows and maximizing jobsite productivity.
- Designed to work with a broad range of indoor and outdoor materials.
- Versatile and easily adaptable to various applications.
- Jobsite-ready design for quick setup, easy cleaning and straightforward repairs – available in both 230V and 380V configurations.
