

TOUGHTTEK™ LP120

Low Pressure Conveying Pumps

Introducing the ToughTek LP120, a versatile solution for mortars, EIFS and finish coats, textured materials and more. The ToughTek LP120 is available with and without compressor for those that prefer a separate air-supply.

- Handles a wide range of premixed materials.
- Ideal for applying EIFS, plasters and renders.
- Easy to use, with remote control capability.
- Compact and mobile design featuring an integrated stainless steel hopper allowing easy transport, setup and maneuverability around your jobsite.
- Available with and without integrated compressor.
