Heavy Duty Applications  
DutyMax™ GH675DI - DutyMax™ EH675DI

# DutyMax™ GH/EH 675Di

Compact and highly portable packages

MAX POWER  
MAX PERFORMANCE

## Small size—ultimate portability

Whether it's your first unit, or a smaller set-up where your Big Rig can't go, DutyMax GH 675Di gets the job done.

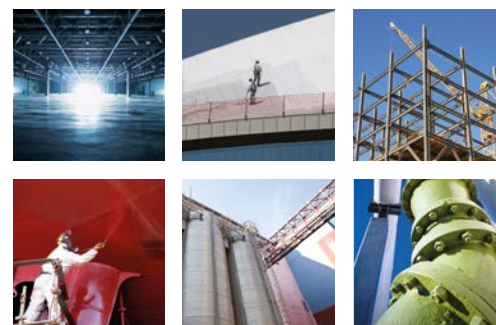

- Maximum pressure of 465 bar and flow up to 5.3 lpm to tackle the toughest coatings
- Faster than manual rolling or squeegee applications
- Converts to 227 bar / 11.3 lpm pump with optional kit
- Convertible from gas to electric (380V) for ultimate versatility in interior and exterior jobs

## Windy conditions? No problem with the new Heavy-Duty JetRoller™

Get the benefit of spraying and backrolling all-in-one step, with one person.

- Heavy-duty construction
- Tool-less components adjust for maximum comfort
- Fits 22.5 - 45 cm roller covers
- Perfect for horizontal surfaces

### Ideal for:

- Applications in the field of roofs, waterproofing, fire-retardant and protective coatings!

## Refill less with 95 litre Hopper

This time-saving hopper features a lid, wheels, heavy-duty frame, and flexible connection to the sprayer to allow easy maneuvering around job site while still connected. Included plugs allow disassembly with less mess.
