

FLUID MANAGEMENT

BILLING FLUIDS: HOW MUCH DO YOU LOSE?

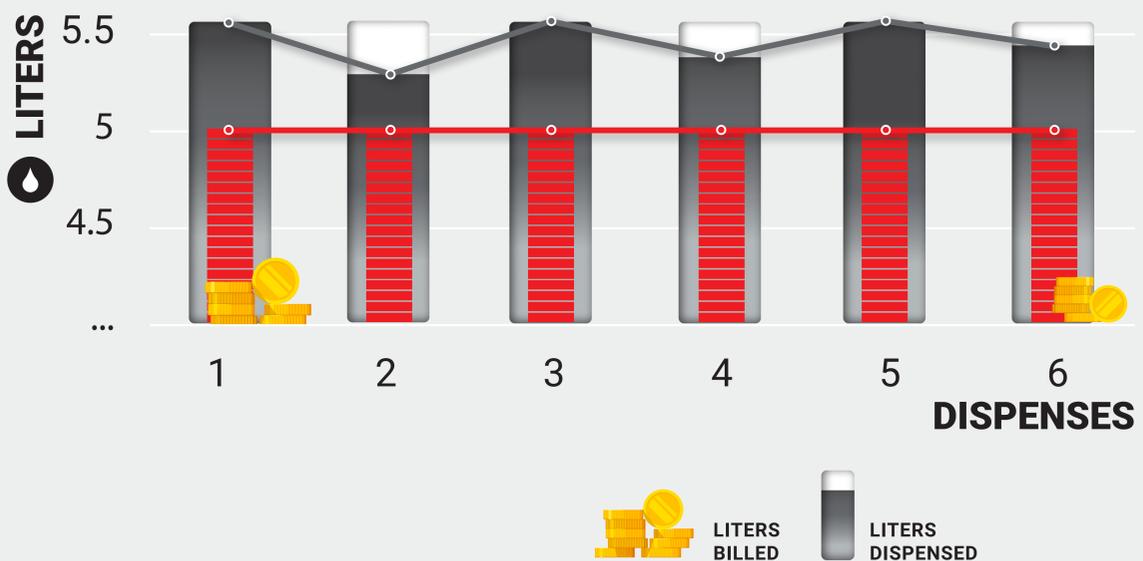

Rounding and topping off fluids and lubricants is a common practice in workshops. But inaccurate dispensing leads to inaccurate billing and eventually to unnecessary losses. Let's compare 3 scenarios in which 5 liters are being billed out.

SCENARIO 1

NO FLUID MANAGEMENT SYSTEM

MORE OIL DISPENSED THAN BILLED

10% LOSS

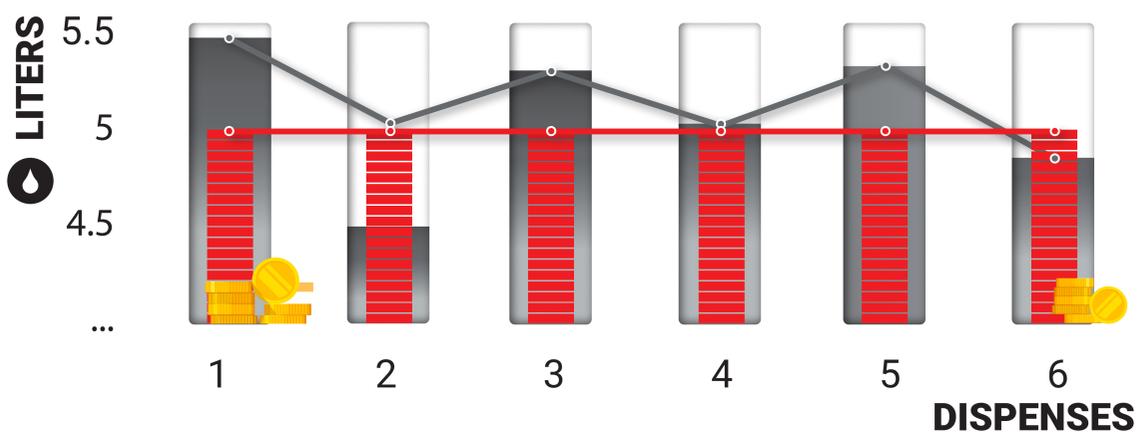

SCENARIO 2

NO FLUID MANAGEMENT SYSTEM

MORE OR LESS OIL DISPENSED THAN BILLED

2% LOSS

With **Graco's Pulse fluid management system** you know exactly what amounts of oil are being dispensed, allowing accurate billing and maximizing profit.
