

# SOLOTECH™

Hygienic Peristaltic Hose Pump

## ACCURATELY METER INGREDIENTS

Automated flavor dispensing. Long hose life.  
Easy cleaning

### MORE FLOW PER REVOLUTION

Than conventional designs

### EASY TO MAINTAIN

No seals or valves that plug

### PUMPS ARE REVERSIBLE

Can be used to empty lines or clear blockages

MADE IN THE USA

# SOLOTECH

## THE IDEAL PUMP FOR SHEAR SENSITIVE MATERIAL, SLURRIES AND SOLIDS

Accurately meter ingredients and flavorings or transfer sensitive fluids safely using the SoloTech peristaltic pump. Solids and slurries can be moved with ease with the hose pump design. The single roller design provides more flow per revolution than conventional designs, offering a long-lasting reliable pump.

### EXTEND YOUR HOSE LIFE

With only the hose in contact with fluid, the pump is both ideal for materials that other pumps cannot handle and is inexpensive to maintain. The durable hose design is built to perform millions of cycles.

### SINGLE ROLLER DESIGN

#### Improve your hose life

- Fewer compressions reduce friction
- Metallic roller provides constant compression and flow

### HOSE BARB ASSEMBLY

#### Easy to install or remove without special tools

- Stainless steel barbs
- Tri-clamp connection for hygienic applications

### EASY CLEANING

- CIP through the hose with no check in-line

**h10**  
10 mm hose  
0.013 – 0.645 gpm

**h16**  
16 mm hose  
0.02 – 1.40 gpm

**h25**  
25 mm hose  
0.14 – 5.34 gpm

**h26**  
26 mm hose  
0.23 – 10.20 gpm
