

HUSKY® 2150LP

Large Particle, Air-Operated
Double Diaphragm Flapper Pump

PUMP ANYTHING & EVERYTHING

Built for waste and trash in mines,
sumps and in-plant

PROVEN GRACO RELIABILITY

Made in the USA

TOOL-FREE MANIFOLD ALIGNMENT

Pin-type connection allows for easy manifold
adjustment and reduces leaks

EASY TO SERVICE

Reduces maintenance costs

WASTE TRANSFER, SIMPLIFIED.

TRANSFER SOLIDS UP TO NEARLY 5 CM (2 IN.)

Let's face it... you don't want to think about your waste water pump as you have processes to run and demands to meet. Now you don't have to. Graco designed the Husky 2150LP to pump everything. A powder-coated aluminum body, external air-valve, and 2-inch flappers will pump whatever you've got, wherever you need it to go.

LOW MAINTENANCE

- Durable Finish: The only powder-coated flapper pump available
- External air valves are replaced in a few minutes unlike air valves seen on other pumps.
- Pass solids up to nearly 5 cm (2 in.) without clogging

CONTACT US FOR DEMOS OR MORE INFO

The Husky 2150LP pump is built to handle your toughest jobs. But don't just take our word for it. You can arrange a live or online demonstration by calling **+32 89 770 700** or visiting www.graco.com/Husky2150LP. See for yourself the power of Husky LP.
