PRO XP™ MOLD RELEASE GUN
STAND ABOVE THE REST

Graco is proud to introduce its **FIRST ELECTROSTATIC GUN** for mould release agents
The ProXP™ mold release gun is developed for **WATERBORNE MOLD RELEASE AGENTS** used
for the production of **PLASTIC AND RUBBER PARTS**.

ADVANTAGES

- **REDUCED CONSUMPTION OF MOLD RELEASE AGENT**
electrostatic spraying has double the transfer efficiency compared to a traditional spray method
- **REDUCED MAINTENANCE COST**
less overspray and pollution of the workplace due to the electrostatic effect
- **REDUCED REJECTED PARTS**
electrostatic spraying ensures an even distribution of the mold release agent on the mold
- **WATERBORNE COMPATIBLE**

ORDERING INFORMATION

Part Number	Model	Description
L60M19	Pro XP 60 WB MRG	Smart Electrostatic Air Spray Gun, for mold release applications.
24P734	WB 100 + L60M19	Waterborne Isolation Cabinet with L60M19 Mold Release gun
