

A Complete Family of Reliable Lubrication Equipment

Discover the Value of Graco LD™ Series

The LD family offers a hard working solution designed for lower volume applications. Proven technologies are engineered into each product and packaged together for an affordable, flexible and still incredibly durable solution.

PROVEN QUALITY. LEADING TECHNOLOGY.

Performance Runs in the Family

State-of-the-Art Design

Each product in the LD family has innovative features built-in, plus advanced technologies designed to save you money and provide reliable performance and long life at a competitive price.

More Configurations

Choose drum, tote or wall mount applications with multiple meter, pump and reel choices.

Industry Leading Warranty

Graco offers one of the best warranties in the business—5 years on all our LD Series family products.*

* Two years on LD Meter electronics

Everything You Need Right Out of the Box

Choose from a variety of dispensing solutions. From the economical drum package to the high-performance tote packages, every solution is designed with the highest quality components for trouble free operation.

For LD Pump patent information, see www.graco.com/patents

LD Series Pumps

Durable and Hardworking

Stay ahead of the competition with LD Series Pumps. These affordable and full featured pumps are designed for lower volume applications and are available in 3:1 and 5:1 for oil and 50:1 for grease. These pumps are fine-tuned for a compact, flexible and still incredibly durable solution.

LD Series Reels

Get More for Less Money

LD Series Hose Reels come with more—the enclosure is built-in. One piece design protects internal components from the elements and extends hose life. Inside, the full flow swivel maximizes fluid output while minimizing pressure loss. Unlike other reels, you can easily increase or decrease spring tension while the hose is pressurized.

LD Series Meters

Big Performance for Small Shops

LD Series meters are designed for professionals that require reliable performance on every dispense. Flow rates up to 5 gpm (19 lpm) and working pressure up to 1000 psi (69 bar) gives you the performance and power you need everyday. Choose from two models—the LD manual or LD preset, each equipped to dispense in quarts, pints, liters or gallons.
