Industrial Lubrication Equipment
Solutions for Industrial and Commercial Applications

Graco.com
Graco’s website delivers a next-generation web experience for our customers from any device, anytime, anywhere. The intuitive navigation and product filters allow you to easily search and access products and solutions for a seamless experience. Search for a distributor, compare products side-by-side, give reviews and ask questions. Visit graco.com

Graco University
Graco University is an e-learning module that can be accessed online, anytime, and contains assets that help educate you on Graco products. This innovative online learning program gives you tools to stay on the leading edge with a variety of resources such as virtual and instructor-led courses, online books, live and on-demand video presentations and much more. Learn more today at training.graco.com

Graco Gear
Graco Gear is your one-stop shop for branded merchandise and other tools that will help you build customer relationships. Order shirts, hats, banners and more whenever you need them! You can even add your logo for a small fee. Most orders ship the next day. Start shopping today at gracogear.com

Graco Resources
Graco has developed tools and resources to help educate and better serve our customers. Check them out today:

Vehicle Service Applications
Manufactured equipment ranging from hoppers, hopper hangers, and side-discharge hoppers to sand blast spray systems, acid or alkaline chemical application, and air-operated diaphragm pumps to fit every need. Transportation, Service, Auto, Plant, and Industrial

Energy, Infrastructure and Heavy Equipment Applications
In-Plant Applications
Transporting products and people consistently and economically requires always-available vehicles. Graco Auto Lubrication enables these trucks, trailers, buses and other vehicles to run optimally with fewer maintenance issues.

Oil and Gas
Delays lasting only a few minutes can cost oil and gas companies hundreds of thousands of dollars. Graco Auto Lubrication ensures significantly higher uptime levels for pumps, compressors, blowers, turbines and more to maintain optimal productivity and profitability.

Mining
A rugged and arduous industry, mining requires large equipment managing heavy workloads. With large crews in an industry full of risk, Graco Auto Lubrication enables equipment to surpass lofty industry operational standards consistently.

Construction
Facing tight deadlines, the construction industry requires equipment ready to work when crews are. Graco Auto Lubrication extends the life cycle of bulldozers, diggers and other machinery, while expediting maintenance tasks, so construction can better adhere to schedules.

Off-Road
A fast-growing market, off-road applications, including wheel loaders, haul trucks and more, require Graco Auto Lubrication to ensure they operate consistently onsite with less maintenance and fewer repairs.

Industrial
Use Graco Auto Lubrication on gears, pivots and other components, so wind turbines and other machines perform reliably amid even the most adverse environmental conditions.

ALWAYS ON.
ALWAYS INNOVATING.

Graco Offers Solutions For:

Use Graco Auto Lubrication Systems to increase uptime, improve productivity and reduce maintenance costs in any environment. Always innovating, Graco offers a comprehensive collection of pumps, metering valves, controllers and accessories for accurate and timely lubrication for today’s modern, information-rich users – all backed by Graco’s trusted name and responsive A+ customer support.
