

GLC™ X Smart Controller and Auto Lube™ App

Auto Lube Under Control, On Demand

Drive More Productivity

The powerful, easy-to-use Graco GLC X automatic lubrication controller captures more information so operators, technicians and managers can make faster, smarter decisions. Paired with the intuitive Auto Lube app, users can monitor system performance and make adjustments with incredible speed, precision and freedom from their personal mobile device.

Indoor/Outdoor Mountable (IP69K)

Designed to withstand all the elements, including high-pressure washes and inclement weather encountered at the harshest and dirtiest sites.

Easy-to-Read Screen

High-contrast screen features text codes, faults and other data clearly in any ambient light without distracting operators.

Real-Time System Reporting

Program and display a wide range of customizable functions – including lubrication intervals, pressure limits, lubricant levels and more.

Smart Device and Mobile App

With the Auto Lube™ app, monitor lubrication levels, configure settings, track history and share important diagnostics.

Universal Compatibility

One controller for all your lubrication systems simplifies training and inventory.

Active Current Protection

9-30 VDC, 10 amp continuous power supply protects grease pumps from overcurrent and entire system from misfires, electrical shorts and surges.

Technical Specifications

Inputs/Outputs	4/2
Power Source	9-30 VDC
Modes	Pressure / Cycle / Timer
Dimensions	3.62 in (92 mm) wide x 6.66 in (169 mm) high x 1.98 in (50 mm) deep
Operating Temperature Range	-22°F to 158°F (-30°C to 70°C)
Protection Grade	IP69K
Manual	3A7031

Typical Applications

- Heavy construction
- Mining
- Other off-road mobile equipment

Ordering Information

Controllers

Part Number	Description
26A855	GLC X controller with 20 ft (6 m) cable
26A814	GLC X controller

Accessories

Part Number	Description
26A853	GLC X pump simulator
26A882	GLC X 20 ft (6 m) cable
26A883	GLC X to Compact Dyna-Star® 3 ft (1 m) cable
26A888	14-pin mating connector kit

Robust and durable despite its small size, the new controller is built to withstand the rigors of any environment, from industrial plants to heavy-duty construction sites.

The GLC X controller is Bluetooth-enabled, so maintenance crews and operators can quickly monitor a wide range of lubrication metrics, including levels, pressure, configurations and more.

Productivity Leads to Profitability

Help your crews work faster and minimize downtime by simplifying their everyday lubrication tasks. Designed for today's modern personal mobile device user, the Auto Lube app is intuitive and easy to learn for users in the field. They can view historical performance charts, access support and share information with a tap or swipe.

Control Lubrication Profile Configurations

- Customize profiles for equipment and end users
- Quickly and easily assign a Lube Profile Configuration with a GLC X Controller

Manage Devices

- Connect via Bluetooth to get an instant status
- Review last-known state on any historical device

Communicate in Real Time

- See, control, check and clear alarms
- Complete a manual run
- Review and share system history

Workers simply need to be within Bluetooth range to perform maintenance tasks faster and easier – directly from their mobile devices.

Download the **Graco Auto Lube** app from Google Play or the App Store (iOS) and perform all controller functions from the convenience of a smartphone or tablet.
