

Integration Signup Process

- Step 1.** Open a web browser and navigate to dms.gracopulse.com.
- Step 2.** If you do not already have an integration account, click the [Create an Account](#) button. Otherwise, log in and continue to Step 5.

***Quick Tip** – If you need to create an account, it is recommended that the individual who manages the day-to-day operation with the Pulse system (often a parts or service manager) be the one to create the account. The account holder receives all subscription related email notices, including: system setup instructions, activation or recurring payment confirmations, as well as schedule maintenance or down-time alerts. If you would like other users copied on these notifications, please email pulse@graco.com with your request.*

- Step 3.** Check your email then follow the link to set your password and activate the account.
- Step 4.** Return to dms.gracopulse.com and log into your newly created account.
- Step 5.** Click the [Add Integration](#) button on the upper right side of the page.
- Step 6.** Select your region, and then your DMS partner by clicking 'Subscribe'.
- Step 7.** If your subscription requires a one-time and/or monthly fee, please provide payment details in the 'Billing Information' section. If you purchase an activation code from your Graco distributor, enter the code into the 'Coupon / Activation Code' field and select 'Apply'. Your total will be updated accordingly at the bottom of the page.

***Quick Tip** – You may also add or modify your billing information through the [Account Settings](#) link at the top of the page.*

- Step 8.** Enter your subscription (site specific) information, including your preferred billing currency, DMS customer details (see page 2), and your site address (used to calculate sales tax).
- Step 9.** Confirm that you have read and agree to the [Terms of Use](#) and [Privacy Statement](#).
- Step 10.** Click 'Subscribe'. Once your information is verified, you will receive a confirmation that your subscription was successfully created.
- Step 11.** Check your email for subscription confirmation and further instructions.

DMS Customer Details
