WARNING

To reduce the risk of injury resulting from falling from the cart or from the cart falling off the track:

- Do not use the drain cart as a step.
- Never extend the wheel arm further than flush with the inside edge of the arm guide. See FIG. 1.
- Ensure the bolts (6) are torqued into the nuts (11) to 45-55 ft-lb (62-75 N.m). See FIG. 1.

Installation

Install the wheels (5) and arms (16-right, 19-left) in the arm guides. Extend the arms equally on each side of the pan to fit the service pit tracks, but do not extend them further than the inside end of the arm guides. Refer to **Dimensions**, page 4, for maximum extensions. Torque bolts (6) into nuts (11) to 45-55 ft-lb (62-75 N.m) (FIG. 1).

Kit No. 218970 (parts marked with *) connects two carts together and for draining one into the other (FIG. 2).
