

# GENUINE GRACO PARTS & ACCESSORIES

## 238-428 PRESSURE RELIEF KIT

For Husky™ 1040 and Husky™ 715 Aluminum Pumps

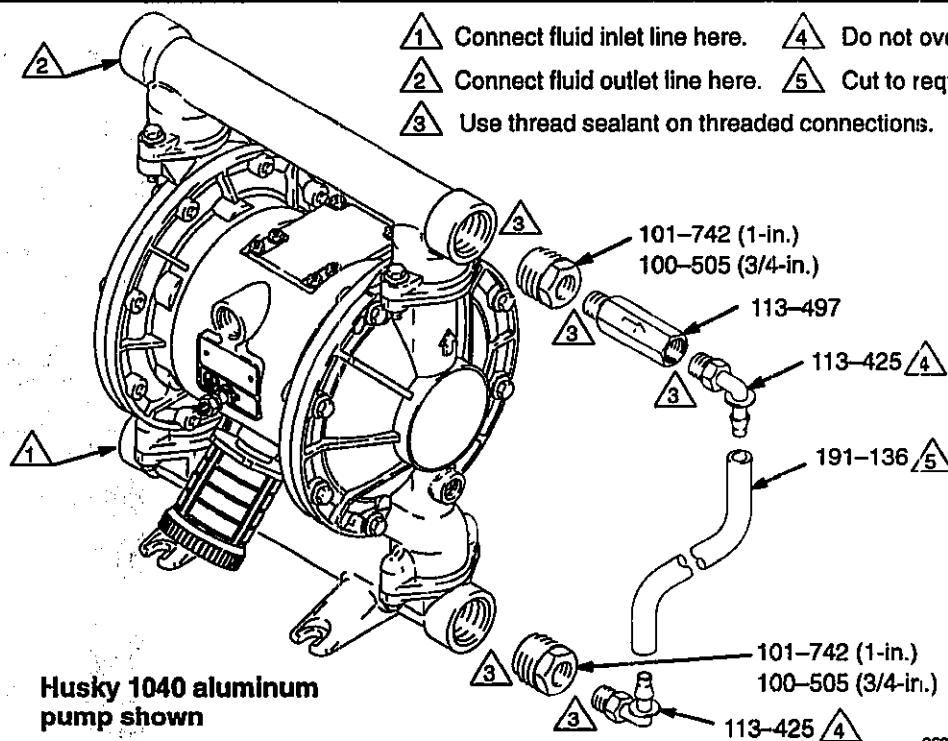

### INFORMATION ENCLOSED

GRACO INC. / P.O. BOX 1441 / MINNEAPOLIS, MN 55440-1441

406-172 Rev. B March 1996 PRINTED IN U.S.A.

#### ⚠ WARNING

For detailed instructions and warnings, see your Husky 1040 pump or Husky 715 pump instruction manual.

#### NOTES

Under certain conditions, fluid in the outlet line may overpressurize or back up into the pump. This Pressure Relief Kit provides a path for fluid to return to the pump inlet, which prevents overpressurization.

Install the kit between the fluid inlet and outlet manifolds, as shown. Connect the fluid inlet and outlet lines to the other ends of the manifolds.
